PROFESSIONAL EXPERIENCE

Ohio Department of Transportation

Communications Intern

Delaware, OH

May 2024 – August 2024

- Using Adobe Express and Illustrator, designed and edited more than 20 pieces of content for ODOT social media pages, including graphics, flyers and video.
- Crafted written project reports for dispersal at public hearings for ODOT construction plans.
- Contacted hundreds of citizens and answered detailed inquiries about project timelines, closures, relevant laws and maintenance plans.

ID Tech

Software Development Instructor

Stanford, CA

June 2023 – August 2023

- Managed group of 8-12 high school students through the development of simple Java programs.
- Exercised communication skills while nurturing each student's analytical and problem-solving abilities.
- Taught coding fundamentals, including loops, classes, data structures and functions.
- Provided cross functional value by advising other instructors on best practices and devising my own projects for students to complete.
- Fostered an interest in information technology in more than 50 students over the course of the summer.

Richwood Bank

Customer Specialist

Marysville, OH

June 2022 – August 2022

- Conducted 100-150 bank tasks per day, including withdrawals, deposits, loan payments, cash advances, and change orders.
- Showcased interpersonal skills and customer service acumen through the treatment of customer issues with online banking, suspicious account activity, and account transfers. Used Salesforce daily to track interactions.

PROJECTS

Sean Richardson Website
